Ten Thoughts to Ponder in 2010

Number 10

Life is sexually transmitted.

Number 9

Good health is merely the slowest possible rate at which one can die.

Number 8

Men have two emotions: Hungry and Horny.

If you see him without an erection, make him a sandwich.

Number 7

Give a person a fish and you feed them for a day,

teach a person to use the Internet and they won't bother you for weeks.

Number 6

Some people are like a Slinky ... Not really good for anything, but you still can't help but smile when you shove them down the stairs.

Number 5

Health nuts are going to feel stupid someday, lying in hospitals, dying of nothing.

Number 4

All of us could take a lesson from the weather. It pays no attention to Criticism.

Number 3

Why does a slight tax increase cost you \$200.00, and a substantial tax cut saves you \$30.00?

Number 2

In the 60's, people took acid to make the world weird. Now the world is Weird and people take Prozac to make it normal.

And The Number 1 Thought For 2010

"Life is like a jar of Jalapeno peppers; What you do today, might Burn Your Ass Tomorrow"
